

James Baker, Jr., MD, FACS

SPECIALTY: Dr. Baker has focused his practice on strictly aesthetic plastic surgery procedures since 1977. He is certified by the American Board of Plastic Surgery. He performs Facial Surgery, including Short Scar Facelifts, Neck Lifts, Upper and Lower Eyelids, Brow Lifts, Rhinoplasty, Chin Implants and Otoplasty (prominent ear correction); Body Contouring Surgery, including Liposuction, Ultrasonic-Assisted Liposuction and Abdominoplasty (tummy tucks); Breast Augmentation; Skin Rejuvenation and Chemical Peels; Injectable Fillers (including the newly released Juvederm Voluma) and Botox injections. He is an ExpertInjector™, of which less than 7% of the 1.2 million doctors who are legally allowed to administer injectables in the U.S. are qualified to be. **EDUCATION:** Florida Southern College—BS; University of Amsterdam, Netherlands—MD **AWARDS/HONORS:** Elected by his peers to be in Best Doctors in America every year consecutively since 2004; America's Top Doctors; Best Plastic Surgeon in Orlando—*Orlando* magazine. Has appeared on ABC's *20/20*, *The Phil Donahue Show* and *The Oprah Winfrey Show*. Recognized as one of the "Top Cosmetic Surgeons in the U.S." by *Town & Country* magazine. **PROFESSIONAL MEMBERSHIPS/AFFILIATIONS:** Past President, American Society for Aesthetic Plastic Surgery and Florida Society of Plastic and Reconstructive Surgeons; Fellow, American College of Surgeons; Clinical Professor of Plastic Surgery, USF; Profes-

sor of Surgery, UCF College of Medicine. **INNOVATIONS:** Dr. Baker was key in bringing Ultrasonic Liposuction technology to the U.S. and worked tirelessly with the FDA to set up regulatory guidelines to check the safety and efficacy of the machines. He also incorporates the use of the ERCHONIA Low Level Laser to help speed recovery and shorten healing and bruising time post-surgery. **WHAT SETS HIM APART:** Dr. Baker is world renowned, having published over 40 articles for scientific publications, contributed to 13 textbooks and produced 16 films about plastic surgery. He published the Baker Scale of Capsular Contracture, used worldwide to measure the firmness in an augmented breast. **YOU SHOULD KNOW:** Dr. Baker treats each patient as he would want himself or a family member treated. His office offers a warm, sophisticated and inviting atmosphere, and his staff has been with him for as long as 30 years.
